PROFILE

Hi! Are you all right? My name is Lucas Marques Bandeira. I am 23 years old and I am studying Computer Science at IFCE - Federal Institute of Education, Science and Technology of Ceará / Campus Aracati / Ce. I work in the area of Graphic Design for 4 years. My specialty is inkscape and gimp. I also work in web development on the front-end. I develop web applications using HTML, CSS, JS and the Bootstrap and Vue.js. With the focus on the front-end, I create many layouts beautiful and interactive. Stay a few more and see my work in the "Portfolio"area. Until later!

EXPERIANCE

2016 - Autonomo — **JUNIOR UI DESIGNER**

Creating visual identities for companies, flyers, stickers and artwork for promotions. Over time I developed skills with the tool little explored in Brazil (INKSCAPE).

2018 - 2021 Autonomo — **SENIOR UI/UX DESIGNER**

With 4 years greater experience and learning. The creation of visual identities, posters, blouses, campaigns, videos and application prototypes became much easier and more dynamic. There were several arts for individuals and companies, such as the company PAGUEMENOS, DEMUTRAN, LAUNCHERTECH, TRANQUILANDIA VILLAGE, among others.

2016 - 2021 LauncherTech Company — **SENIOR UI/UX DESIGNER & MARKETIGN**

Responsible for creating prototypes of applications, websites and software (LAUNCHERTECH). Creation of intuitive interfaces (UI) and responsible for the user experience (UX), as well as for marketing on social media. Also acting in the dissemination of the company with campaigns aimed at the target audience.

2016 - 2021 DEMUTRAN ARACATI — **MANAGER OF THE COMPUTER CENTER**

Responsible for all the technical part of the municipal department of transit and transport, such as: creation of visual identity for the organ, signs and associated companies; Creation of layout of fines, parking credentials for the elderly and the disabled; Creation of Yellow May campaigns to avoid traffic accidents; Management and control of fines; Management of registrations of permit holders of taxi spaces, alternative transport, mototaxi, buggy tourism and chartering and to creation of various arts of scor throughout the municipality.
